2 Under Rule 3 of the proposed rules, all sweepers scavengers and cartmen have been definitely specified as employees who should subscribe to the Provident Fund The rules framed cannot be made applicable to cartmen as recommended by the Municipal Council since they (cartmen) do not fall under the catagory of whole-time employees as each of them works under a system of contract to supply a cart, a driver and a pair of bullocks for the discharge of Municipal work, and is paid monthly for the supplies made and services rendered The provision of Rs 3,000/- made in the currant year's Budget of the Municipality would, however, be sufficient to meet its liability if the scheme is sanctioned by Government His letter is silent as to whether the scheme does not involve any recurring charge on extra staff and other incidental expenses that may be found necessary for keeping the necessary books and accounts and if it does how such a charge would be met 2

3 There are at present 612 and not 569 sweepers as stated by the President in his letter The difference of 43 between these two figures is due to the omission to take into account the sweepers whose pay is not charged to the head "Establishment" 3

4 Under Appendix "C" of the Mysore Service Regulations the

the following Classes of employees are declared ineligible for pension as they are not considered to be wholetime servants and cannot therefore be allowed to subscribe to the Provident Fund

Shanboques with hereditary haks, Thoties, Cooks Watermen, Dhobies, Gardeners, Pound keepers paid by Commission and Medical Pupils

Similarly any employee of the Municipality whose salary is met by Commission cannot be considered to be a whole-time servant of the Municipality and the benefits of the Provident Fund Scheme cannot be extended to him

9 5 The Council Resolution states that the scheme may be brought into force with effect from the 1st July 1941 As nearly ten months of the official year have elapsed, it is a point for consideration whether it will be possible to give effect to the scheme from 1st July 1941 since it involves collection from the employees of the arrears of subscription from 1st July 1941

10 6 The draft rules regulating the Provident Fund Scheme as proposed by the City Municipal 4 Council, Mysore, are not exhaustive as they do not provide for the necessary forms of application for admission to the Fund, withdrawal thereof, and of Books and Ledgers in which the accounts should be maintained Some of the proposed rules are vague or ambiguous and are not consistent with the established rule or practice, and require to be modified or amplified as detailed in the Annexure herein enclosed The Municipal Council may be asked to frame and submit a set of subsidiary rules relating to the above forms and their maintenance on the lines similar to those of the Aided School

7 In this connection, it has to be stated that this being the first instance of a Municipality having come forward with a proposal to extend the benefits of the Provident Fund Scheme to its non-pensionable employees and a set of rules of the Provident Fund Scheme generally applicable to all the Municipalities in the State not being in existence at present, it is desirable that such a set of rules is framed and sanctioned by Government now so that any Municipal Councils desirous of extending the benefits of the scheme to their employees may do so by framing suitable bye-laws thereunder and getting them sanctioned by Government 5

8. The provisions of the Provident Fund Act of 1916 (Act IX of 1917) may be made applicable by Government to the Mysore City Municipal Provident Fund by notification in the Official Gazette as provided under Rule 6 of the said Act, so that the benefits of nomination and exemptions from attachments by civil courts may be extended to this Fund also 6

Sir,

Re Rules regulating the Provident fund scheme for the sweepers and other non-pensionable employees of the Mysore City Municipality

---

I have the honour to state that in accordance with the resolution tabled by Mr P Sitaramiah, B A ,B L , and six other Councillors at the General meeting held on 31st March 1941, the Council appointed a sub-committee to frame rules on the above subject, (vide resolution extract enclosed) The Committee framed a set of rules and submitted the same on 10th October 1941 after obtaining the opinion of the Municipal Advocate thereto The Managing Committee recommended to the Council the sanction of the rules in their resolution No 92 dated 16th October 1941 and the Council approved of them in their meeting held on 15th November 1941 The resolutions of the Committee and the Council are herein enclosed for information

The rules now framed are under Section 49(g) of the City Municipalities Act and require approval of Government under Section 228(2) ~~(g)~~ (c) The rules as framed at present apply to all sweepers, scavengers, cartmen and such other municipal servants or menials who are not eligible under the existing rules for pension The subscription to the fund is fixed at one anna in each rupee of the subscriber's monthly pay against which the Municipality will contribute a sum equal to half the amount so subscribed by a member

3. There are at present 569 sweepers on a pay ranging from Rs 7/- to Rs 13/- and 32 scavengers on a pay of Rs 8/- to Rs 10/- As the benefit of the Provident fund rules is extended to other menials also like cartmen etc who are not eligible for pension under the existing rules, the amount of contribution at the rate of one anna calculated on the cost of these establishments as provided in the Budget works up to Rs 5,579 by members and half of it, viz Rs 2790 by the Municipality As the rules were intended to be brought into force with effect from 1st July 1941 a sum of Rs 3,000/- has been provided in the current year's sanctioned Budget under the Head E(2) (a) Establishment charges (7) Provident Fund and a like sum will have to be provided in each year's budget

4 In these circumstances, I solicit early sanction of Government to the Provident Fund rules as now framed, so that it may be brought into force with effect from 1st July 1941 the arrears of subscriptions due being collected from the sweepers

I have the honour to be,
Sir,
Your most obedient servant,

President

On an amount being thus withdrawn from the Provident Fund Account it shall be entered in a "Lapsed Account Register" in which subsequent repayments shall be noted to avoid double payment"

(xxii) Rule 18. The Provident Fund is recovered every month by deduction in the Pay Bills and has therefore to be credited to "the Mysore City Municipal Provident Fund" every month. The amount along with the Municipal Contribution so credited should be deposited in the Mysore Government Savings Bank so as to enable it to earn a special rate of interest and to prevent its being spent for the ordinary purposes of the Municipality if mixed up with the municipal balance, either in the Treasury or in the Bank. The rule therefore requires to be amended as under.

> "The subscription recovered each month by deduction from the pay of the members in accordance with the above rules shall be paid by the Municipal Council along with its own contribution into the nearest Government Treasury with which the Municipality banks by means of a crossed cheque drawn in favour of the Treasury Officer, for being credited by necessary transfer adjustment to a single Saving Bank Account specially opened therefor. In order that the transactions of the Fund may be incorporated in the Cash Accounts of the Municipality and the total amount at credit of the Fund on any date may be readily ascertained the amount so paid shall be adjusted in the accounts of the Municipality by credit to a distinct head styled "the Mysore City Municipal Provident Fund" per contra debit to another distinct head "The Mysore City Municipal Provident Fund Investment" opened on the Receipt and Payment sides respectively under the Public Debt Heads All interest realised every year on the Savings Bank Account and reinvested should be similarly adjusted in accounts. The amount at credit of this account shall not form part of the Municipal Cash Balances and shall not be utilised for any purpose other than those provided for under these Rules.
>
> The President of the Municipal Council will issue separate pass books to each member in which he will note under his dated initials the amount of subscription recovered by deduction from the pay bill the amount of contribution allowed by the Municipality and the intesest allowed thereon annually. A concurrent audit of the accounts maintained by the Committee may be conducted by the staff deputed by the Comptroller when the correctness of the individual accounts and their agreement with the deposit account in the Savings Bank will be scrutinised "
